TRANSPLANTED FLASKS

Rivermont has perfected the cultural technique of the transplanted flask to such an extent that blooming time is cut by 1/2 to 2 years. For example, we have a group of plants that were transferred from seed flasks in January 1950, then put in transplanted flasks, then potted in 1 3/4" pots, and now one-fifth are ready for 2 1/2" pots.

SAFE SHIPMENT FOR LITTLE SEEDLINGS

We will remove the agar and ship these plants dry. Dry shipment prevents damage to plants. These seedlings must be planted immediately upon arrival. Please have your thumb pots and community pots ready. We have shipped dry seedlings from transplanted flasks as far as 5,000 miles, and found that they keep in excellent condition.

Individual flasks are \$20 each. Two flasks for \$35, three for \$50, four for \$65, and five for \$80.

Lavender

- R-1303 Blc. Melrose x Slc. Aquila
Aug.-Sept. Melrose has lavender petals and dark rose lip. Aquila is a lovely plum color; its petals are splashed at the tip with darker purple, and the lip is bright rose with yellow veins in throat.
- R-1627 Blc. Dawn Angela x Lc. Hyperion, Painting var.
Winter. Dawn Angela has beautifully shaped dark rose petals, very broad deep rose lip with light ruffled edge; large gold veined eyes in throat. The Hyperion has beautiful heavy lavender petals and sepals, and rose lip with yellow veins.
- R-1640 Lc. Georgette, var. Chelsea, x Self
Spring. Lovely shaped, heavy lavender petals; broad deep rose lip.
- R-1663 Blc. Dawn Angela x Lc. Windermere, Clovelly
Winter. The Dawn Angela has bright rose petals, crimson ruffled lip, medium yellow eyes and veins, good form, heavy texture, and is fragrant. The Windermere has lovely shaped lavender sepals and petals, large purple lip with rose tip, yellow veins in throat.
- R-1665 Lc. Helen Wilmer x Lc. S
Winter. Helen Wilmer has dark rose petals, broad bright rose lip, gold throat, very good form, heavy texture, and is fragrant.
- R-1670 Lc. Helen Wilmer x Bc. Imperialis
Winter. The Helen Wilmer has dark lavender sepals and petals, an almost black lip, and dark gold throat, and is fragrant. Imperialis has lovely heavy lavender petals, very large ruffled rose lip, yellow veined throat.
- R-1671 C. Dupreana x Lc. Princess Margaret
Summer. Dupreana has dark sepals and petals, lovely form; broad, rich, deep rose, ruffled lip. Its throat is gold, and it has very good form, heavy texture, and some fragrance. Princess Margaret has beautifully shaped dark rose petals with tiny dark splash on tips; broad crimson tipped lip with ruffled edge.

White

- R-1586 C. Bow Bells, var. Honolulu, x Self
Fall. The famous Bow Bells has heavy pure white petals, large white lip, and yellow throat. This particular one had a 7 1/2" spread.
- R-1642 C. Bow Bells, var. The Cotton Ball, x C. Cowaniae
Dec.-Jan. Both parents are pure white with large lips. The Cowaniae has an 8" spread.
- R-1673 C. Trianae, Broomhills, x Self
Winter-Spring. Pure white with yellow throat.
- R-1674 C. Cades x C. Vanir
Spring. Cades is pure white with gold throat, good form. The Vanir is a large pure white with lovely form, and is fragrant.

White with colored lip

- R-1395 Lc. Canhamiana, var. Rivermont, x Self
June. Heavy white petals, 8 1/4" spread. Large bright rose lip with tiny white border.
- R-1598 Lc. Snowdrift x Self
Fall. Heavy, lovely shaped white petals with tiny touch of purple on tips. Purple lip.

Yellow

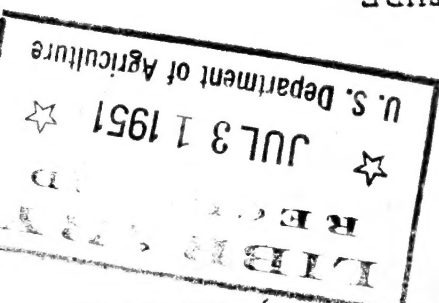

- R-1045 (Lc. Caprice x C. Dowiana) x Blc. Morning Sun
March-April. The first cross has peach petals, peach lip with rose tip, and yellow throat. This, crossed with the creamy-yellow Morning Sun, will produce yellow flowers.
- R-1050 C. Bender x Self
Fall. Lovely yellow petals, ruffled deep rose lip, light eyes.

- R-1130 Blc. Malvern x Blc. Morning Sun
Fall-Winter. The Malvern has very heavy orange petals; cut rose lip with yellow throat and tip. Morning Sun has heavy cream petals, long lip, yellow eyes, rose tip.
- R-1474 Blc. Consul Greig x Lc. Anne Walker
September. Consul Greig has heavy orange petals, 7 1/2" spread; orange lip with rose tip. Anne Walker has yellow sepals and petals, rose lip, yellow veins.

Unusual

- R-668 Dendrobium Phalaenopsis x Dendrobium Phalaenopsis
This will bloom in the fall, and will probably bear light lavender flowers.
- R-1397 C. Schroderae x Lc. Orange Beauty
Schroderae has lavender petals, large pink lip, orange throat. Crossed with Orange Beauty, shades of orange and bronze should result. To bloom in the fall.
- R-1557 Blc. Wren x Self
Fall. Pinkish sepals and petals, beautiful rose lip, slightly cut. Very good form, heavy texture, fragrant.
- R-1628 C. Sohma x Slc. Anzac, F.C.C.
Winter. Sohma has dark rose petals, crimson splashed ruffled lip, large gold eyes. Good form, heavy texture, fragrant. The Anzac has bright red petals, deep red lip, orange throat.
